# \*\* 4PEOPLE - 2007 - ANNUAL REPORT

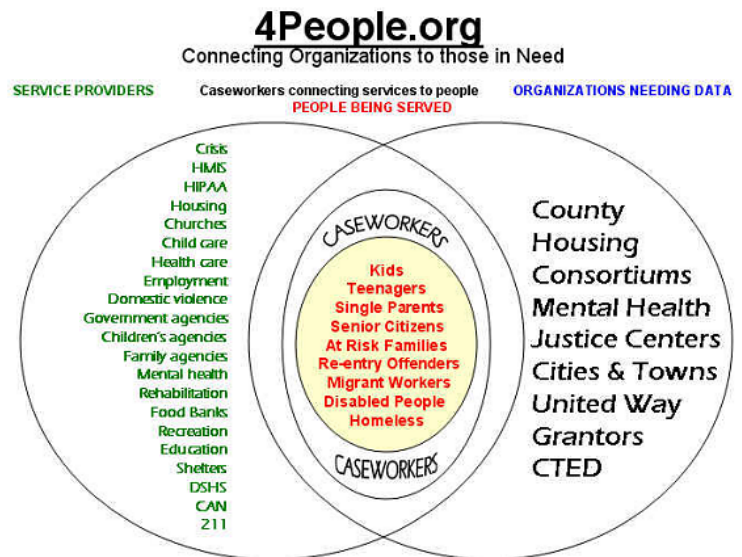

People are using the internet to find help! Over 321,000 views of resources and services in Washington State for 2007. Over 57,000 views for resources in Benton and Franklin Counties alone. Making vital information easily available to help people out of poverty is critical to the success of our communities.

4People.org provides each county with its own single point of contact website with all the local resources online. These resources have helped reduce homelessness, reduce recidivism for reentry offenders, and improved self sufficiency of individuals and families. 4People.org also provides the newest tools available that are helping families determine if they are self sufficient, financially solvent, mentally stable, have access to health care and government programs.

By coordinating services provided by government, non-profit, and faith based organizations, communities are maximizing the ever decreasing community resources.

Thanks to our sponsors, advertisers, community participants, and those in need for making 4People the number one grassroots online source of resources in Washington State.
