"Meeting people's needs Online, Anytime!"

Adopt a County Volunteer Job Position

Adopt a County Job Description

OUR MISSION: Connecting People to Resources and Opportunities

4People provides fast, quick, lists of resources and services in each county, for the State of Washington, with printable lists to hand out to those in need.

OUR VISION: Connecting Our Community

To provide a complete tool for each community to communicate, collaborate, co-ordinate, and serve the less fortunate.

4People.org provides each county with its own single point of contact website with all the local resources online. These resources have helped reduce homelessness, reduce recidivism for reentry offenders, and improved self sufficiency of individuals and families. 4People.org also provides the newest tools available that are helping families determine if they are self sufficient, financially solvent, mentally stable, have access to health care and government programs.

People are using the internet to find help!

Over 321,000 views of resources and services in Washington State for 2007. Over 57,000 views for resources in Benton and Franklin Counties alone. Making vital information easily available to help people out of poverty is critical to the success of our communities.

4People believes that it is better to have listings of resources even if some are incorrect, than not to have resources available at all. Please help us keep these updated!

Know that your volunteer services means a great deal to families at risk trying to find services and housing to help them out of poverty.

Select a county you wish to adopt, and email contact@4People.org that you will be updating these listings. Email all corrections and updates.

	<p>Click on County Resources, if easier for you print out copy. First check to make sure links to websites and phone numbers are correct. If not correct find correct link and be sure to send it to Contact@4People.org</p>
	<p>Click on Family Printable Directory and print out a copy. Check to see if phone numbers and contact is the same as the County Resources. If different determine the correct info and email Contact@4People.org</p>
<p>Reentry Resources & Shelter Vacancies</p>	<p>Click on Reentry Resources and Shelter Vacancies and print out a copy. Compare the information with the County Resources and Family Printable Directory. When you find errors please search the web for the correct contact information and email changes to Contact@4People.org</p>
<p>Housing Inventories: From Crisis to Permanent Housing</p>	<p>Develop Housing Lists for the adopted county – use the Benton Franklin Counties Housing Inventory and Senior Directory as a guide. Email lists to Contact@4People.org</p>
